## FR JACK

Trying to make sense of the resurrection is difficult for us. We have never known anything like it before. However, if you have ever been sick, very sick and you get better you feel so much relieved. The relief is as exciting as the illness was severe. Small illness, small relief. Great illness, great relief. We are so much more than matter and physicality. We are more spirit, made in the image of God. The love, the sharing the truth, the generosity, the forgiveness these and many more are all the work of the spirit, the presence of God in our life, and we can see it in each other. Meanness, lack of cooperation, grumpy, unhelpful these are all the work of the death within is.

## Happy Easter to Eveyone
