Fr JACK

Scandal is not a word you hear much these days. Jesus was very hot on it, especially leading others astray and more especially still, if they were children or people of weak faith.

Most of us would never think of leading others astray, least of all children, but let's look a little deeper. Do I really use every chance to instruct or advise, or even to show people what is right?

Do I work with my children to show them God's way? Do I pray with them every day? Is my life an example that others would like to follow? Am I a good role model for my son or daughter?

These are the things we say at the beginning of mass "What I have done, **and what I have failed to do.**"

As St Francis Says: "All that is necessary for evil to thrive is for good people to do nothing."

Be pro-active in the field of the Lord especially in your own family.

***We are children of the earth and
the outdoor is our home.***

Many people can read and read quite well, but we need to start **proclaiming** the WORD OF GOD. Readers please give God, His Word
