## Dear Friends,

"Christ has died.

Christ is risen.

Christ has come again." I hope you have met Him.

Celebrating the greatest weekend in the church.

Thursday at the Last Supper Christ must be very worried about the future of the Father's Kingdom.

Peter whom He has chosen to be leader is about to betray Him.

Judas will do the same with a kiss.

At the supper the apostles are having a seminar about "who is the greatest."

In the garden his three best friends are found snoring.

At the cross they all run away apart from John and the three women.

Why Jesus did not put women in charge, I will never know? Ladies take a bow.

And we call it all Good Friday?

We now make a quick transition to Easter, forward and upward.

Again the women are to the front.

They are the first ones to see New Life.

Again I ask, why did Jesus not put women in charge, I will never know?

The men don't seem to get it???????

The women wait, they expect, they hope they desire, they long.

And they understand. Were they in Love?

From Death to Life.

From lack of forgiveness to total forgiveness.

From selfishness to generosity.

From negativity to positivity.

From lies to truth.

From hate to love.

From COVID 19 to memories.

**God protect and keep you all safe.**

**A happy and holy Easter to all at St James.**

**Be blessed,**
