Fr Jack

When I, driven by the spirit, meet you driven by the same spirit. Then we can truly say the Kingdom of God is **in us** and **among us**.

The Kingdom of God is a space. It exists in every home where parents and children love each other. It exists in every country that cares for its weak and vulnerable. It exists in every parish that reaches out to the needy.

The Kingdom of God is a condition. Its symptoms are love, justice, generosity, simplicity, appreciation, peace. etc.

Jesus Christ is king! We pray today that God may "free all the world to rejoice in his peace, to glory in his justice, to live in his love."

Jesus came into the world 2000 years ago and told us that the kingdom of God is very near us. Many people thought he was speaking about the end of the world, but no, he was talking about the Kingdom of God being within our hearts. The best version of myself is, being in touch with this Kingdom and trying to live in it and by it. It is not simply the promise of the future victory of God over sin and evil, but that this victory has already begun—in the life and teaching of Jesus and I can live in it and enjoy it here and now. This is surely the good news.
