CAFOD Family Fast Day – World Food Crisis Appeal
Millions of families are facing a food crisis that could be the worst in living memory. As each day goes by, the situation worsens. As people of faith, we must act. Your donations can help CAFOD's local experts to provide emergency food supplies to families in the worst affected countries in East Africa and support communities around the world working hard to put food on the table.

Please give today or start a monthly gift to CAFOD. Use the envelope at the back of church for our parish collection or go to cafod.org.uk/fastday.

This Monday 3rd October, we will have our first Charismatic prayer group at 7 – 8pm, in the church. We will run it for one month, depending on your support.

FR JACK

If you told someone 100 years ago that one day a man would walk on the moon, they would probably laugh at you. Could you blame them? If you approach something in life saying it must be done, the chances are it will be done. How many great things have been done because of man's/woman's belief in themselves. I hope you have achieved quite a few things in life yourself, because of your self-belief, did you not surprise yourself.

Congratulations. Continue to believe in yourself and you will still do great things. Don't settle for the pile as they say.

Now if you are confident that you approach no task alone, how much more will you do? You always have an all-powerful God at your elbow. He even tells us: - "If your faith were the size of a mustard seed, you will do great things.

Often, I think when people say they have no faith they are saying one of two things: -

1. Really, I do not believe in myself, suffering from lack of confidence. And so, I cannot move forward.
2. Often people say they doubt, their faith is weak. If you are reading this, your faith is not weak, rather you are looking for certainty.

Those who lose dreaming are lost.

The month of October is the month of Our Lady and the Rosary will be said every week day before Mass.
