Fr Jack

Amazing to think that the Book of Exodus written 27 centuries ago, could still be so relevant and important today. And we still need to talk/preach about it. So simple we could miss it:-
Do not molest or oppress the stranger.

Do not use harsh words with the widow or the orphan.

Do not demand interest.

If you borrow someone's cloak, give it back before sundown.

We do not have an eternal home, we are all passing through, getting off at the next stop.

HOW LONG WILL IT TAKE US TO LEARN?

Life's most persistent and urgent question is, 'What are you doing for others?'

Martin Luther King, Jr.
