S.P.U.C.

Next Sunday we hope to have a speaker from the S.P.U.C (Society for the Protection of Unborn Children) at all the masses to talk to us about their work.

THANK YOU, THANK YOU, THANK YOU.

*For your cards, presents, gifts and good wishes, a very sincere **thank you**.*

I also want to say a very big thank you to all those people who keep this parish moving.

A very faithful band of people, silently, do a great deal of good for many people. Some work out front and some work behind the scenes. But all necessary to running a well-oiled parish like St James. I dread to mention any one because I am sure to forget someone.

So if you are involved, would you write a short message on paper, or preferably send it in through the slot on the web site and we will publish it next week.

*There is always room for more. **What about you?** Don't sit on the fence all your life and expect others to do all the work.*

Fr Jack.

Yes we all know about the Magi, the three kings from the East.

They came to see Jesus, making it clear that Jesus came for all people and not just the Jews.

It is an Epiphany, a sudden realisation. Now every Christian should be having epiphanies, realising new truths about their self, the gospel and Jesus Christ. We need to be continually growing in our faith, growing in our understanding and our relationship with Jesus.

This present year is to be known as

THE YEAR OF THE WORD.

Let our word be our integrity; be men and women of our word:

Reading the Word of God and preparing our mass during the week and coming to mass every Sunday on time, prepared.

Then going away refreshed in the Lord.

Sadly, child guidance is what more and more parents are getting form their children.

CHURCH CLEANING ROTA.

First Saturday of the month:

Confirmation Families.

Second Saturday of the month:

African Community.

Third Saturday of the month:

Philippine Community.

Fourth Sunday of the month:

First Communion Families.

Groups usually begin at 11am but you may arrange your own time.

Final Judgement on China Tribunal

Forced organ harvesting has been committed for years throughout China on a significant scale:

"The Tribunal's members are certain - unanimously, and sure beyond reasonable doubt - that in China forced organ harvesting from prisoners of conscience has been practiced for a substantial period of time involving a very substantial number of victims."
